Mr. Joe Comartin
Member of Federal Parliament
Windsor-Tecumseh
1304 Lauzon Rd.
Windsor, ON
N8S 3N1

Dear Mr. Joe Comartin:

**CLASS ENVIRONMENTAL ASSESSMENT STUDY
BANWELL ROAD - FROM TECUMSEH ROAD EAST TO THE CPR TRACKS
SOUTH OF INTERSECTION ROAD
NOTICE OF PUBLIC INFORMATION CENTRE # 4**

Please be advised that the City of Windsor has retained IBI Group to undertake the Banwell Road Class Environmental Assessment (Class EA) Study. The purpose of the study is to address the transportation demands of the City of Windsor over the next twenty years, to address the short and long term traffic impacts along Banwell Road and adjacent road network, and to investigate the feasibility of accommodating sidewalks and a multi-use trail for cyclists and pedestrians. Combined, these transportation improvements will enhance public safety in accordance with the Windsor Area Long Range Transportation Study (WALTS). To comply with the Ontario *Environmental Assessment Act* this study is being conducted in accordance with the planning and design process for 'Schedule C' projects as outlined in the Municipal Engineers Association "Municipal Class Environmental Assessment," (October 2000, as amended in 2011).

You are invited to join staff from the City and its consultants at the fourth Public Information Centre (PIC) to gather feedback about the planned undertaking. The Notice of Public Information Centre is attached, which outlines the details of this upcoming session, and will be advertised in the Windsor Star on Wednesday, June 17, 2015 as well as Saturday, June 20, 2015.

If you have additional comments or questions, please feel free to contact the undersigned.

Sincerely

IBI Group

The purpose of the study is to address the transportation demands of the City of Windsor over the next twenty years, to address the short and long term traffic impacts along Banwell Road and adjacent road network, and to investigate the feasibility of accommodating sidewalks and a multi-use trail for cyclists and pedestrians. Combined, these transportation improvements will enhance public safety in accordance with the Windsor Area Long Range Transportation Study (WALTS). To comply with the Ontario *Environmental Assessment Act* this study is being conducted in accordance with the planning and design process for 'Schedule C' projects as outlined in the Municipal Engineers Association "Municipal Class Environmental Assessment," (October 2000, as amended in 2011).

You are invited to join staff from the City and its consultants at the fourth Public Information Centre (PIC) to gather feedback about the planned undertaking. The Notice of Public Information Centre is attached, which outlines the details of this upcoming session, and will be advertised in the Windsor Star on Wednesday, June 17, 2015 as well as Saturday, June 20, 2015.

If you have additional comments or questions, please feel free to contact the undersigned.

NOTICE OF PUBLIC INFORMATION CENTRE # 4**

Please be advised that the City of Windsor has retained IBI Group to undertake the Banwell Road Class Environmental Assessment (Class EA) Study. The purpose of the study is to address the transportation demands of the City of Windsor over the next twenty years, to address the short and long term traffic impacts along Banwell Road and adjacent road network, and to investigate the feasibility of accommodating sidewalks and a multi-use trail for cyclists and pedestrians. Combined, these transportation improvements will enhance public safety in accordance with the Windsor Area Long Range Transportation Study (WALTS). To comply with the Ontario *Environmental Assessment Act* this study is being conducted in accordance with the planning and design process for 'Schedule C' projects as outlined in the Municipal Engineers Association "Municipal Class Environmental Assessment," (October 2000, as amended in 2011).

You are invited to join staff from the City and its consultants at the fourth Public Information Centre (PIC) to gather feedback about the planned undertaking. Wendake, QC G0A 4V0

Dear Mr. Levesque:

**CLASS ENVIRONMENTAL ASSESSMENT STUDY
BANWELL ROAD - FROM TECUMSEH ROAD EAST TO THE CPR TRACKS
SOUTH OF INTERSECTION ROAD
NOTICE OF PUBLIC INFORMATION CENTRE # 4**

Please be advised that the City of Windsor has retained IBI Group to undertake the Banwell Road Class Environmental Assessment (Class EA) Study. The purpose of the study is to address the transportation demands of the City of Windsor over the next twenty years, to address the short and long term traffic impacts along Banwell Road and adjacent road network, and to investigate the feasibility of accommodating sidewalks and a multi-use trail for cyclists and pedestrians. Combined, these transportation improvements will enhance public safety in accordance with the Windsor Area Long Range Transportation Study (WALTS). To comply with the Ontario *Environmental Assessment Act* this study is being conducted in accordance with the planning and design process for 'Schedule C' projects as outlined in the Municipal Engineers Association "Municipal Class Environmental Assessment," (October 2000, as amended in 2011).

You are invited to join staff from the City and its consultants at the fourth Public Information Centre (PIC) to gather feedback about the planned undertaking. The Notice of Public Information Centre is attached, which outlines the details of this upcoming session, and will be advertised in the Windsor Star on Wednesday, June 17, 2015 as well as Saturday, June 20, 2015.

If you have additional comments or questions, please feel free to contact the undersigned.

Sincerely

IBI Group

NOTICE OF PUBLIC INFORMATION CENTRE # 4**

Please be advised that the City of Windsor has retained IBI Group to undertake the Banwell Road Class Environmental Assessment (Class EA) Study. The purpose of the study is to address the transportation demands of the City of Windsor over the next twenty years, to address the short and long term traffic impacts along Banwell Road and adjacent road network, and to investigate the feasibility of accommodating sidewalks and a multi-use trail for cyclists and pedestrians. Combined, these transportation improvements will enhance public safety in accordance with the Windsor Area Long Range Transportation Study (WALTS). To comply with the Ontario *Environmental Assessment Act* this study is being conducted in accordance with the planning and design process for 'Schedule C' projects as outlined in the Municipal Engineers Association "Municipal Class Environmental Assessment," (October 2000, as amended in 2011).

You are invited to join staff from the City and its consultants at the fourth Public Information Centre (PIC) to gather feedback about the planned undertaking. The Notice of Public Information Centre is attached, which outlines the details of this upcoming session, and will be advertised in the Windsor Star on Wednesday, June 17, 2015 as well as Saturday, June 20, 2015.

If you have additional comments or questions, please feel free to contact the undersigned.

Sincerely

IBI Group

The purpose of the study is to address the transportation demands of the City of Windsor over the next twenty years, to address the short and long term traffic impacts along Banwell Road and adjacent road network, and to investigate the feasibility of accommodating sidewalks and a multi-use trail for cyclists and pedestrians. Combined, these transportation improvements will enhance public safety in accordance with the Windsor Area Long Range Transportation Study (WALTS). To comply with the Ontario *Environmental Assessment Act* this study is being conducted in accordance with the planning and design process for 'Schedule C' projects as outlined in the Municipal Engineers Association "Municipal Class Environmental Assessment," (October 2000, as amended in 2011).

You are invited to join staff from the City and its consultants at the fourth Public Information Centre (PIC) to gather feedback about the planned undertaking. The Notice of Public Information Centre is attached, which outlines the details of this upcoming session, and will be advertised in the Windsor Star on Wednesday, June 17, 2015 as well as Saturday, June 20, 2015.

If you have additional comments or questions, please feel free to contact the undersigned.

Sincerely

IBI Group
