

Alphabet Road

WHAT YOU WILL NEED:

- Painter's Tape (Masking Tape, Duck Tape, Electric Tape, etc.)
- Sharpie
- Toy cars

WHAT TO DO NEXT:

1. Using tape, create letters on a table or floor.
2. Using the sharpie, draw some small black lines on the tape to look like tracks.
3. Run the cars over the letter tracks and identify each letter.
4. As your child is playing, identify the letter they are driving on.
5. Make the letters of your child's name, or any uppercase and lowercase letters you wish.
6. A gross motor option would be to create large letters on the floor for your child to walk on.
