

## Frozen Shaving Cream Sensory Play

### WHAT YOU WILL NEED:

- Small plastic container
- Shaving cream
- Food colouring
- Spoon
- Ice cream scoop
- Small toys

### WHAT TO DO NEXT:

1. Dispense shaving cream in a thick layer on the bottom of the plastic container.
2. Add drops of food colouring to the shaving cream.
3. Use the spoon to mix the shaving cream and food colouring, and then smooth it out evenly over the bottom of the plastic container.
4. Push small toys gently into the shaving cream.
5. Place the container in the freezer until the shaving cream is frozen.
6. Once frozen, use the ice cream scoop to dig and excavate the shaving cream and toys.
7. Use other tools like toothpicks, cookie cutters, and warm water to extend the play!
