

Ice Block Construction

WHAT YOU WILL NEED:

- Medium size plastic container
- Water
- Items found in nature (flowers, sticks, twigs)
- Toy tools (hammer, magnifying glass, binoculars, drill)
- Baking tray

WHAT TO DO NEXT:

1. Fill the container with water and place the nature items into the water.
2. Place the container in the freezer for several hours or overnight.
3. Once the water is frozen, take the container out of the freezer.
4. Remove the ice block from the container and place it on a baking sheet.
5. Grab your binoculars and/or magnifying glass and begin to explore.
6. Now it is time to grab the toy tools and start digging out your treasures!
7. This is a great outdoor activity.
8. Have fun exploring and experimenting!
