

Nature Painting with Straws

WHAT YOU WILL NEED:

- Containers
- Non-toxic paint (a variety of colours)
- Nature items
- Water
- Paper
- Straws
- Tray

WHAT TO DO NEXT:

1. Pour non-toxic paint into a container.
2. Add 1 tbsp. of water to each container of paint and stir.
3. Put a straw in each container.
4. Place a tray onto a flat surface. Set a piece of paper on the tray, and arrange the nature items on the paper.
5. Use the straw to drip or blow the paint onto the paper or nature items.
6. Have fun creating designs!
