Sun Prints

WHAT YOU WILL NEED:

- Coloured construction paper
- Various small toys
- Sunny window ledge

WHAT TO DO NEXT:

1. Place a piece of coloured paper in a sunny window.
2. Arrange the toys on the paper.
3. Leave it untouched in the window for a few days.
4. After the sun has shone on the paper for a few days, remove the toys and observe the faded paper.
5. Create a game out of this by matching the toys to their correct sun prints.
