FEATURED ACTIVITY:

Mess Free Painting

WHAT YOU WILL NEED:

- 1 canvas
- Different coloured paints
- Plastic wrap
- Tape

WHAT TO DO:

1. Measure and tear a piece of plastic wrap so that it is slightly larger than the canvas and set it aside.
2. Pour a drop of each colour paint onto the middle of the canvas.
3. Gently place the plastic wrap over the paint on the canvas. Use tape to secure it to the back of the canvas.
4. Rub your fingers over the plastic wrap to spread the paint around. What does it look like when you spread the paint with one finger? How does it look different when you use three fingers?
5. Remove the tape and plastic wrap to allow your painting to dry.

Matching Games

Matching and memory games can be a great way to have some educational fun! They provide opportunities for conversation, concentration, introducing new vocabulary, spending quality time together, and exercising your brains. Make your own matching game by cutting several small squares out of cardboard and drawing images or placing stickers on one side of each square. Make sure there are 2 squares with matching images. Once you are done making your cards, place all of them face down on a table and take turns flipping over 2 cards at a time. Can you find the 2 cards that match?

The person who finds the most matching pairs wins!
