Animal Stones

Go on an outdoor adventure with your child to collect stones. Talk about their shapes, sizes, and textures. Bring some of your favourite stones home to have fun making animal stones together. Large, smooth stones work well for this activity. Use paint, markers, animal stickers, or craft supplies to create different animals on each stone. When you are done creating, take turns telling stories using your animal stones. In addition to storytelling, you can play with your animal stones in many different ways. Try sorting them by size, placing them face down to play a guessing game, doing the actions that correspond with each animal, or hiding them around your neighbourhood for others to find.
