# Notice of Study Commencement

## Class Environmental Assessment

### NOTICE OF STUDY COMMENCEMENT AND PUBLIC INFORMATION CENTRE

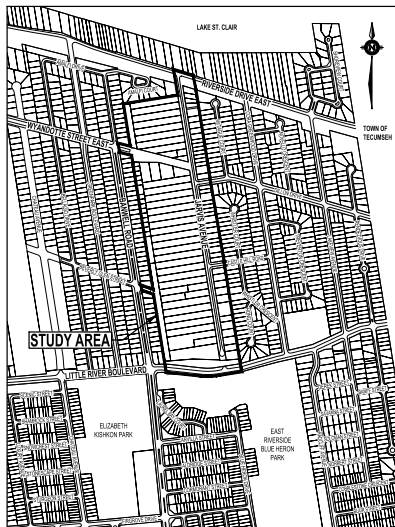

### CLASS ENVIRONMENTAL ASSESSMENT

### WYANDOTTE STREET EAST AND JARVIS AVENUE

The City of Windsor has initiated a Municipal Class Environmental Assessment (Class EA) to evaluate the extension of Wyandotte Street East to Jarvis Avenue to serve neighbourhood transportation and infrastructure needs for a 20-year period.

The study area is bounded by Riverside Drive (to the north), Jarvis Avenue (to the east), Little River Road (to the south) and Banwell Road (to the west), as shown on the key plan.

The study will consider the Wyandotte Street East extension for vehicular, pedestrian, transit, and bikeway connections, traffic calming, drainage, and sanitary sewage. In addition, the study will evaluate the servicing needs required to improve neighbourhood infrastructure to current municipal standards on Jarvis Avenue.

The study is being undertaken in accordance with the planning and design process for 'Schedule B' projects outlined in the Municipal Class Environmental Assessment (June 2000, as amended in 2007 and 2011) under the Ontario Environmental Assessment Act.

A key component of the study will be consultation with interested stakeholders. A Public Information Centre (PIC) is planned for this project. The PIC will be held to present and discuss the need and justification for improvements, existing study area conditions, and assessment of alternative solutions and design concepts.

Public Information Centre #1  
Thursday, October 24, 2019  
4pm to 7pm  
Riverside Sportsmen's Club  
10835 Riverside Dr E.  
Windsor, ON N8P 1A5

Upon completion of the study, an Environmental Study Report (ESR) will be prepared and made available for a 30-day public review period. Notices will be placed in local newspapers to notify the public of further opportunities for public input.

If you wish to comment on this project, have your name added to the project mailing list, or have any questions about this project, please contact

**RE: NOTICE OF PUBLIC INFORMATION CENTRE  
MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT  
WYANDOTTE STREET EAST AND JARVIS AVENUE**

The City of Windsor is continuing to undertake a Municipal Class Environmental Assessment (Class EA) to evaluate the extension of Wyandotte Street East to Jarvis Avenue to serve neighbourhood transportation and infrastructure needs for a 20-year period.

The study area is bounded by Riverside Drive (to the north), Jarvis Avenue (to the east), Little River Road (to the south) and Banwell Road (to the west), as shown on the key plan.

The study considers the Wyandotte Street East extension for vehicular, pedestrian, transit, and bikeway connections, traffic calming, drainage, and sanitary sewage. In addition, the study evaluates the servicing needs required to improve neighbourhood infrastructure to current municipal standards on Jarvis Avenue.

The study is being undertaken in accordance with the planning and design process for 'Schedule B' projects outlined in the Municipal Class Environmental Assessment (June 2000, as amended in 2007, 2011 and 2020) under the Ontario Environmental Assessment Act.

A previous Public Information Centre was hosted on October 24th, 2019.

A second Public Information Centre (PIC) is planned for this project. The PIC will be held to discuss the proposed design considerations following the earlier stakeholder engagement. Public Information Centre #2 will be hosted in a virtual format.

The PICs will be hosted on Thursday, August 26th from 3pm-4:30pm and 6pm-7:30pm. We want to hear from you! Please join either Zoom meeting as follows:

- 3pm Session: [https://citywindsor-ca.zoom.us/webinar/register/WN\\_0nQJ5QydTZK6jdHFIJrltQ](https://citywindsor-ca.zoom.us/webinar/register/WN_0nQJ5QydTZK6jdHFIJrltQ)

## NOTICE OF COMPLETION WYANDOTTE STREET EAST EXTENSION AND JARVIS AVENUE MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT Schedule B Project

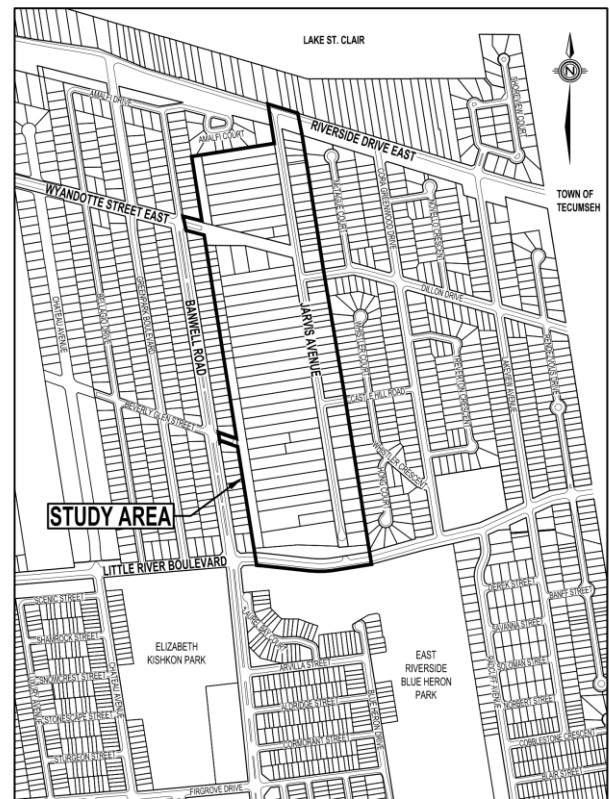

The City of Windsor, has completed a Municipal Class Environmental Assessment for the Wyandotte Street (Banwell Road to Jarvis Avenue) extension and Jarvis Avenue (Riverside Drive East to Little River Boulevard). The study identified opportunities to serve neighbourhood transportation and infrastructure needs and achieve safe, efficient, and convenient travel for roadway users of all ages, abilities and modes within the study corridors for a 20-year study horizon. The study has followed the planning process for Schedule “B” projects, as outlined in the Municipal Engineers Association Municipal Class Environmental Assessment (EA) document (2000, as amended 2015), approved under the *Ontario Environmental Assessment Act*. The study area is shown on the provided map.

A Project File Report has been prepared to document the planning and decision-making process for the study. By this notice, the Project File Report is being placed on the public record for a 30-day public review period from and including, **February 1, 2024 to March 1, 2024**.

An electronic version of the Project File Report is available on the City of Windsor website at [Wyandotte Street East and Jarvis Avenue Environmental Assessment \(citywindsor.ca\)](https://www.citywindsor.ca). We invite you to review the report and provide any questions or comments in writing within the 30-day review period. All comments and concerns should be sent directly to the City Project Lead listed below by **March 1, 2024**.

## Wyandotte Street East Extension and Jarvis Avenue Municipal Class Environmental Assessment Schedule B Project

### Section 16 Order

In addition, a request may be made to the Ministry of the Environment, Conservation and Parks for an order requiring a higher level of study (i.e., requiring an individual / comprehensive EA approval before being able to proceed), or that conditions be imposed (e.g., require further studies), only on the grounds that the requested order may prevent, mitigate or remedy adverse impacts on constitutionally-protected Aboriginal and treaty rights. Requests on other grounds will not be considered. Requests must be sent by **March 1, 2024**, in writing or by email to both the following contacts, as well as the project team contact(s) noted above.

<b>Minister Andrea Khanjin</b> Ministry of the Environment, Conservation and Parks 777 Bay Street, 5th Floor Toronto ON, M7A 2J3 minister.mecp@ontario.ca	<b>Director, Environmental Assessment Branch</b> Ministry of the Environment, Conservation and Parks 135 St. Clair Avenue W., 1st Floor Toronto, ON, M4V 1P5 EABDirector@ontario.ca
---	---

Requests should specify:

- The kind of order being requested (request for additional conditions or a request for an individual/comprehensive environmental assessment),
- How an order may prevent, mitigate, or remedy potential adverse impacts, on Aboriginal and treaty rights,
- Any information in support of the statements in the request, and
- Requester contact information and full name.

If no order request is received, the project will proceed to design and construction as outlined in the planning documentation.

Please visit the Ministry's website for more information on requests for orders under section 16 of the *Environmental Assessment Act* at <https://www.ontario.ca/page/class-environmental-assessments-section-16-order>

*All personal information included in your request – such as name, address, telephone number and property location – is collected under authority of section 30 of the Environmental Assessment Act and maintained for the purpose of creating a record that is available to the general public.*

*As this information is collected for the purpose of a public record, the protection of personal information provided in the Freedom of Information and Protection of Privacy Act (FIPPA) does not apply (s.37). Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential.*
