

Notice Pesticide Use

Public Notice - Pesticide Use

The City of Windsor Parks Department intends to apply herbicide to control vegetation (weeds) along arterial roads, collector roads, and EC-Row Expressway within the city limits. A detailed application area map and other information can be found on the City's website under Pesticide information/Notice of Pesticide Use.

The City of Windsor will be using the following pesticide registered under the Pest Control Products Act (Canada):
Roundup WeatherPRO (Registration NO. 33653) with the active ingredient Glyphosate, present as potassium salt. Treatments will be commencing on April 28, 2024, weather permitting and ending October 5, 2024.

This pesticide use is in accordance with the public health and safety exception to the cosmetic pesticide ban.
