3. PLANNING ANALYSIS:

The subject property, identified as Plan 1160; Lot 14; Part Lot 13 and Part Alley; RP 12R28714; Part 2, contains a semi-detached dwelling. The applicant proposes to sever the property along the existing common wall between the semi-detached units to create a separate lot for each dwelling unit. The proposed use of both the severed and retained lots is residential, there are no proposed changes to the building, and both lots meet the minimum lot width and area required for an existing semi-detached dwelling.

PLANNING ACT

Subsection 53(1) of the Planning Act gives council the authority to grant consent if satisfied that a plan of subdivision of land is not necessary for the proper and orderly development of the municipality. Council for the Corporation of the City of Windsor has delegated its consent authority to the Committee of Adjustment of the City of Windsor.

Subsection 51(25) of the Planning Act allows the approval authority to impose such conditions to the approval of an application as it considers reasonable having regard to the nature of the development proposed.

PROVINCIAL PLANNING STATEMENT (PPS) 2024

The Planning Staff has reviewed the relevant policies of the PPS - “*Building Homes, Sustaining Strong and Competitive Communities*” (Policy statement 2.2.1. of the PPS). The requested consent is consistent with these policies, permitting and facilitating housing options required to meet the social, health, economic, and well-being requirements of residents while efficiently utilizing land, resources, and infrastructure.

OFFICIAL PLAN (OP)

The Consent Policies, Section 11.4.3 of the Official Plan provide evaluation criteria and conditions of approval for consent applications. Appendix “A” attached herein shows the Consent Policies 11.4.3.

The consent to sever application is for creating a new lot, representing an appropriate consent per Section 11.4.3.2(a).

The severed and retained lots have access to a public highway paved with a hard surface and are serviced by municipal sanitary and storm services, complying with sections 11.4.3.4 and 11.4.3.5.

This consent satisfies the evaluation criteria in Section 11.4.3.6 with minimal development impact on the adjacent properties. The subject land is designated Residential in the Official Plan.

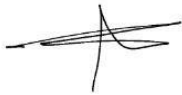

ZONING BY-LAW 8600

The subject land is zoned Residential District 2.1 (RD2.1), permitting a semi-detached dwelling. Both the severed and retained lots comply with the minimum lot width and area requirements of section 5.23 of Zoning By-law 8600. There are no zoning implications resulting from the consent.

4. PLANNER’S OPINION:

The requested consent complies with the Official Plan and Zoning By-law 8600. This consent application is consistent with the Planning Act and Provincial Policy Statement and represents good planning. Planning staff, in consultation with the Engineering Department, recommends approval with the conditions noted on the recommendation.
