### Reminders:

Please continue to help us keep everyone healthy by **staying home when feeling sick**. You're welcome to join us virtually by registering at <https://register.onehsn.com/Windsor>.

Please remember to **keep phones tucked away**. We strongly encourage engagement with your child(ren) while visiting.

For the safety of the families attending our program, **outside food is not permitted**. A nutritious snack will be provided. Please inform the classroom teacher of any allergies or dietary needs.

### Baby & Me:

#### **Tuesday & Thursday Afternoons 1pm-3pm**

**Tues. June 9** Mess-free car painting lets babies move toy cars over paint sealed in a bag, so they can "paint" without getting messy. This helps develop fine motor skills, creativity, and understanding of cause and effect.

**Thurs June 11:** Musical circle time with Joan from Talk 2 Me. Her songs and guitar will engage children in rhythm, repetition, and singing. Music supports language development by building listening skills, vocabulary, and patterns in speech.

**Thurs June 18:** Come create a Father's day keepsake that's oh, so sweet with babies' little feet!

**Tues June 23:** Pack babies' swimsuit, sunscreen and towel for outdoor water play. Let's let them splash, pour, and explore safely. This supports physical development, sensory learning, and early problem-solving while also encouraging curiosity, confidence, and enjoyment of outdoor play.

**Baby & Me: Tuesday & Thursday Afternoons  
1:00 p.m.-3:00 p.m.**

\*Birth-18 months

**Weekly Art:** Our art projects are listed on the first day of the week and will be available everyday! Always best to dress for a mess!

**Wed. June 3, 10, 17, 24 1:30pm-3pm:** Special Program: All around Art is a 4-week art program that introduces young children to different elements of creativity, including shapes, colours, and textures through fun, hands-on activities. This program is best suited for children over 18 months—please dress for mess! **Registration required.**

**Thurs June 4:** Our Muddy Truck Car Wash activity supports sensory exploration and fine motor development as toddlers spread, and scrub "mud" on their trucks. It also encourages imaginative play and early problem-solving as children figure out how to clean their vehicles using water and scrubbing tools.

**Tues. June 9:** In the "Parking Lot Math Grid" activity, children park toy cars in designated spaces on a grid. This helps develop early math skills like counting, sorting, and spatial awareness while also building problem-solving and fine motor coordination.

**Fri. June 12:** During the "Building Playdough Roads" activity, children will shape and connect playdough to create roads for toy vehicles. This promotes fine motor development and creativity, as they design and navigate their own routes.

**SAT. JUNE 13:** Meet A Machine! Join us at the WFCU Center (8787 McHugh Street) from 10am-2pm to explore a FREE literacy event where children and adults can explore big machines! Sensory hour with no sirens from 9am-10am.

**Fri. June 19:** Happy Father's Day! Let's have Donuts with Dad (Grandpa, Uncle, or any father figure) children can enjoy time together and create a meaningful keepsake art project. Snack time begins at 10:30 and spaces are first come, first served.

**Tues. June 23:** Join us for a field trip to Heritage Park (1135 Heritage drive. Lasalle Ontario N9H 2C1), please pack water bottles and sunscreen. Outdoor play and playground equipment support physical development, coordination, and social skills. We'll meet at 10:00am, snack and circle time will be provided, and **registration is required.**

**Thursday June 25 :** Laura, Resource Consultant with Children First, will visit at 10:30am for any questions or concerns you might have regarding behaviour and child development.

**Tuesday, June 30:** Our STEAM (Science, Technology, Engineering, Arts and Mathematics) outdoor water painting is a fun activity where children use brushes and water to "paint" surfaces like pavement while exploring evaporation and cause-and-effect as their creations disappear. This activity encourages creativity, fine motor skills, and early scientific thinking through hands-on experimentation.
